2:00-3:20 pm	Sensual Massage as Service	cookie	Ms.	Massage can be the ultimate gift as it is entirely focused on the recipients' pleasure. After an energetic flogging session, your Top can relax and have all of the stress caressed out of their body. Massage could also be a fantastic way to provide aftercare. Most everyone already has a massage table...learn to put it another use! The practice of Tantra often includes prolonged arousal without release. My brand of Tantric Massage combines this with a balanced combination of therapeutic massage, sensual touch, and the fluid movement of Esalen strokes. The goal is to excite the senses and then distract from it allowing that arousal to subside, only to repeat the cycle. This leads to an incredible build-up of tension and (if you choose) eventually an intense release.
3:30-4:20 pm	Pervtables 101	Sir/Handler Brian	Mr.	Learn to be kinky with the items around the house. there is no need to break the bank to buy tools for any kink play when the items in your house and kitchen can work. Showing how to incorporate any kink with the use of intro level tools and techniques including impact, temperature, CBT, rope, sensation, with discussion about insertable and showing techniques and intro to clothespin play, including demo of clothespin usage and zipper technique.
4:30-6:00 pm	The Devil's Fire	Mark Athens	Mr.	Ever wondered how far you could take fire play? In this demo, we will be adventuring into the depths of depravity and knocking on the door of the obscene. Not for the faint of heart, be prepared to see mind fucks, bonfires, fire columns, cunt torcher, and many other twisted methods of application. The focus of this demo is to provide a sample of various forms of fire play combined with edge play. Expect to have a wickedly good time, as we present a class designed for those with a devilishly erotic pallet.
